

## Ethical Competency Screening Test Rubrics

Knowledge Questions		
<i>This rubric describes levels of performance for each assessment criterion using rating scale of four bands. Band 1 represents the highest level of performance and Band 4 represents the lowest.</i>		
Criterion	A. Identifies the principle/s that is/are most relevant to the scenario. Explains how the principle/s relate to the scenario.	B. Describes a relevant example of the principle in a translating or interpreting context.
Pass requirements	At least Band 2	At least Band 2
Band 1	<b>Comprehensively</b> defines the ethical principle.	Provides a <b>highly relevant</b> and appropriate example of the principle in a translating or interpreting context.
Band 2	<b>Accurately</b> defines the principle in general terms. Less central aspects of the principle may be omitted or unclearly defined.	Provides a <b>relevant</b> example of the principle in a translating or interpreting context.
Band 3	<b>Some</b> aspects of the principle are defined. The candidate misses or inaccurately defines the main aspect(s) of the principle.	Describes an example from an interpreting or translating context that is only <b>remotely relevant</b> to the ethical principle discussed.
