

NAATI RECERTIFICATION PROFESSIONAL DEVELOPMENT CATALOGUE

NAATI RECERTIFICATION PD CATALOGUE

How to use this catalogue

To be eligible for recertification, practitioners are required to:

- Complete professional development and work practice logbooks via the NAATI Online portal;
- Lodge an application for recertification with supporting documentation, including logbooks and a suitable photograph (if one has not been submitted in the past 6 years); and
- Pay the assessment fee.

This catalogue provides a list of the types of professional development (PD) activities and their respective value in terms of points. In order to recertify their credential(s), practitioners are required to achieve a minimum of 120 points, including a minimum of 30 points in each of the three categories. Also, in category 2 (Industry Engagement), at least one activity must be included in the Ethics sub-category.

The catalogue is not intended to be an exhaustive list of every possible PD event. It is provided as an indication of the types of activities that are appropriate and to enable practitioners to record their PD activity in the relevant section. It is expected that any reasonable PD event would fit under one of the relevant sections but in case there is any ambiguity, and to ensure that any reasonable PD can be recorded, each category provides a section for additional activities (valued at up to 10 points) that the practitioner may use to assign the activity. Any PD activity listed in this section should be supported with a brief explanation of the activity. NAATI will consider any PD relevant to translating / interpreting or the general business of the practitioner as a translator / interpreter.

Generally, each activity may be claimed in one category only, even if it deals with topics from several categories. For example, if there was attendance at an event that dealt with skills development and ethics, this could only be claimed under one of the two categories. However there is scope to consider longer events such as (multi-day) conferences in more than one category.

Given the potential ongoing improvements and availability of PD provided through the use of technology (e.g. webinars, webcasts, web conferences etc.), NAATI will accept suitable PD that is undertaken through these means for the purpose of Recertification. The catalogue will be reviewed periodically in consultation with key stakeholders.

NOTE: NAATI will randomly audit approximately 5-10% of applications received. If an application is selected for auditing purposes, further supporting documentation as evidence of the practitioner's professional development may need to be provided.

KEY TERMS

- **AQF:** Australian Qualifications Framework
- **Formal PD workshop/short course:** usually offered outside educational institutions, and are generally run by professional associations (e.g. AUSIT), agencies (language services) or other suitable organisations.
- **Language service provider:** a private or government agency, which co-ordinates translating and interpreting services.
- **One day:** minimum 6 hours
- **PD:** Professional Development
- **Professional body:** a professional industry organisation, such as AUSIT, ASLIA, AIIC. WAITI, Professionals Australia, etc.
- **Related fields:** disciplines or fields which are related to translating and interpreting, such as linguistics, deaf studies, or language studies.
